

**Committee on Campus Life and Student Issues  
of the College Council**

Meeting #4

February 5, 2014

S724

**Minutes**

Present: Michael George, Michael Hutmaker, Harry Mars, Ivelisse Rodriguez, Rofiquel Rubel

Absent: Winston Aitken, Eugenio Barrios, Hicee Globio, Andrew Levy,

1. Reviewed and accepted minutes from previous meeting
2. Open Discussion
  - Professor George indicated that in an effort to reduce book costs, the Math Department is using online books and modules and that the Math adjuncts are mandated to use these tools.
  - Harry Mars presented data and recommendations to review the eligibility for students to run and participate in the Student Government Association (SGA). The committee will review the data and provide feedback and make a recommendation to the College Council at the next meeting regarding this issue.
  - The committee discussed the possibility of providing notices through CUNYfirst when professors are changed from the advertised courses. In additional notices would be helpful when classes are dropped due to low enrollment and priority given to those students to get into another section. The committee will reach out to the Registrar to discuss these suggestions.
3. Meeting adjourned.
